

As all of you may be aware that the Cabinet Committee has approved the Amended Technology Upgradation Fund Scheme (ATUFS) giving only capital subsidy to the tune of 15% for garment and technical textiles machinery and 10% capital subsidy for other segments (we understand that spinning machinery will not be eligible for any subsidy under ATUFS).

A large number of mills have already uploaded their applications for RR-TUFS and are awaiting for UID allocation. We understand that all such cases would be considered under RR-TUF Scheme benefits. We also understand that some more mills have got their loans sanctioned under RR-TUFS by the banks and the banks are yet to upload the application.

Therefore, we advise all such member mills to immediately take up the matter personally with the banks and upload the application in the Textile Commissioner's website (<http://www.txcindia.gov.in>) immediately. Member mills may kindly note that once the notification is issued, the benefits would be available only under ATUFS.
