Subject: Revocation of Anti-Dumping Investigation on Imports of Polyester Staple Fibre from China PR, Indonesia, Malaysia and Thailand.

Respected Sir,

The Northern India Textile Mills Association, popularly known as NITMA is an apex association of North India serving the interest of textile units. All the large textile mills in the Northern part of India are associated with NITMA and the combined turnover of its members is approx 50,000 crores (USD 8 Billion).It was formed in 1958 and represents industry for all policy matters and disseminates information apart from conducting conferences , exhibitions ,seminars & workshops.

Please accept our sincerest gratitude for considering our representation ,on the above subject, and putting an end to Anti-dumping investigation on imports of Polyester Staple Fibre from China PR, Indonesia, Malaysia and Thailand.

The above decision to revoke anti-dumping investigation has brought a huge relief to the entire MMF based value chain i.e. yarn, fabric and garments which provides mass employment to approx. 6 million people across India.

We once again thank you for your kind intervention to resolve the above matter

With kind Regards,

G. Balasubramanian
Secretary General
